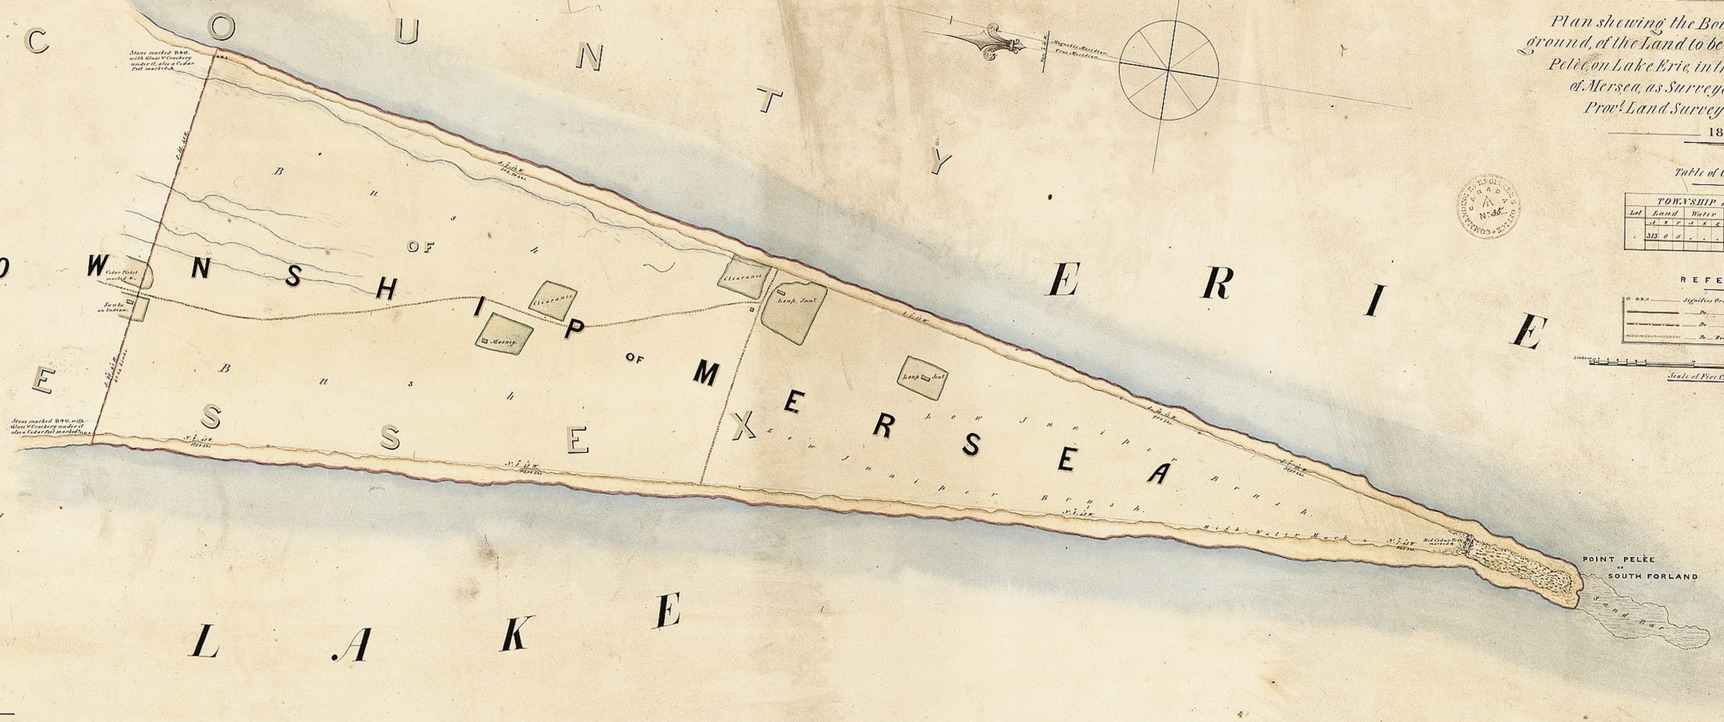
DESCRIPTION

On the seventeenth day of May, One Thousand, eight hundred and fifty one, by the authority of the Respective Officers of Her Majesty's Ordnance, dated, Office of Head Quarter Inspective Officers, Montreal, twenty ninth of April, Eighteen hundred and fifty one.

I, John. A. Wilkinson, Provincial land Surveyor residing at Sandwich, Province of Canada, reported to the Military Reserve at POINT PELEE on LAKE ERIE, in the Township of Mersea and County of Essex, in the said Province, for the purpose of Surveying and defining the Boundaries and limits of a certain Tract or parcel of land intended to be vested in the Principal Officers of Her Majesty's Ordnance for Military purposes.

Having appointed as Chain bearers, John Hans Wilkinson and Robert Abbott, I commenced the Survey on the West side of Point Pelee where a stone is planted marked B.O. with glass and crockery underneath it, also a Red Cedar Post planted on the West side of the stone also marked B.O. thence South, Eighty five degrees forty eight minutes East, astronomically, seventeen Chains, fourteen links, to a Cedar post marked *, thence at Becasme course, Seventy four chains, fifty links to the lake shore on the West side at High Water mark where a stone is planted marked B.O. with glass and crockery under it, also a Red Cedar post planted on the East side of stone and marked B.O. thence South, seven degrees, twelve minutes West, one hundred and two Chains, twenty links, thence South, ten degrees, twelve minutes West, nine Chains, thence South, seven degrees, twelve minutes West, thirty Chains, fifty links, thence North, eighty five degrees forty eight minutes West, fifty seven links to a single Red Cedar Post marked * thence in same course, one Chain, twenty links to the West side of the Point, at High Water mark, thence North, seven degrees, forty eight minutes West, eleven Chains, thence eight degrees, forty eight minutes West, one hundred and sixteen Chains, thence nine degrees forty eight minutes West, eighteen Chains, fifty links, to the place of beginning

Containing, Three Hundred and thirteen Acres, more or less.



John A. Wilkinson
Provincial Land Surveyor
Sandwich 12th June 1851.

Certified by me in the Month of October 1851

Brevt. A. Wilkinson
Lieut. R.E.

This Reserve is vested by act of Parliament in the Admiralty (stated in the Act to be 300 acres) the Ordnance never put any pretence for the portion 313 a. laid down on this plan. tho it was applied for. the reason seems to be that the reserve was already vested in the Imperial Government & Admiralty said it was unnecessary to grant a portion to the Ord Board & Ordnance who also reference to the Imperial Government
